

The Contemporary Slovenian House

Through the Eyes of Young Architects

2013

competition for students of architecture

Objective of competition is to create competitive plan of a family house for four-member family. Purpose is to find an architectural solution that would reflect national characteristics of historical and modern residential architecture. Organizers deliberately refrain themselves from promulgating further thematic restrictions on competition projects.

Contents of the competition:

situation layout = 1:1000
plan, section layout = 1:100
visualization of exterior and interior, SketchUp 3D model
author's report max. 1000 characters
texts and descriptions in English and in national language (country specific)
exhibition panel Kappa in format: B1 700x1000 Portrait
3D model scale = 1:50 underlay 700x500

Deadline for submitting competition projects
29 March 2013
