26.05.

Anna & Eugeni Bach is a Finnish-Spanish architecture studio based in Barcelona working within a broad concept of architecture. Their interests spread across four activities: **Professional**, through public and private projects departing from any specialization and ranging from art installations, interior design, housing, public buildings and public space design; **Academic**, as associate professors at ETSAB UPC, ETSALS URL and EINA UAB, and via lectures and workshops in different European universities; **Research**, being part of PhD research groups at ETSAB university and via projects and installations that deal with the perception of space; **Culture**, being active in the boards of different associations that promote the values of architecture for society, as well as curators of the XVth Spanish Architecture and Urbanism Biennial.
